said sense of morality allows us to create civilizations and not just maintain or even destroy them.

get relieved by the remedies that seemed to be indicated, and i have always told them to go to a dentist

documents, samples, works of art, house keys or car keys, cameras, or human remains, including ashes.

sadly, most consumers have actually ignored some specifics

i am not denying that the planet is warming (be it ever so slightly) the problem is that this tax, and i am sure

many taxes before and after this one are based on a lie
